New Jersey Healthcare Quality Institute: Katie Bisaha

We are a membership nonpartisan, nonprofit organization; policy, education, quality improvement and community health are our main buckets. The Mayor's Wellness Campaign is a part of our community health programs. MWC gives evidence-based toolkits to municipalities to improve community health.

Community Health Improvement Plan: Laura O'Reilly Stanzilis

- Update and outline of the Union County 2022 Community Health Improvement Plan (CHIP)
 - The Community Health Needs Assessment (CHNA) was the basis of the CHIP.
 - Topics are Chronic Disease and Cancer, Mental Health and Substance Misuse, Maternal and Child Health, Healthy Aging, and COVID-19 Testing and Vaccinations.
 - The CHIP, as well as the NJHC, is based off of the Collective Impact Model.
 - The second survey that was sent out asks about *specific* interventions organizations offer.
 - Focus on Health Equity and Social Determinants of Health
 - Please share CHIP surveys with partner organizations, and reach out to organizations that did not give us specific information!
